

4. TEA: A COW-KILLER LEAF

RĀHUL WAS LIKE ONE OF THE EDUCATED LOT WHO KNEW MORE ABOUT FOREIGN COUNTRIES THAN THEIR OWN. AFTER RETURNING FROM A FOREIGN LAND HE MET SOME OF HIS 'GOBHAKT' FRIENDS ...

RĀHUL, WHY ARE YOU DRINKING TEA WITHOUT MILK ?

IN EUROPE THEY DRINK BLACK TEA. THEIR SCIENTIST'S SAY THAT COW'S MILK IS WHITE POISON. IT MAY CAUSE DISEASES LIKE DIABETES, COLON CANCER ...

LISTEN, YESTERDAY IN SRI KRISHNA LEELĀ THEY SHOWED ...

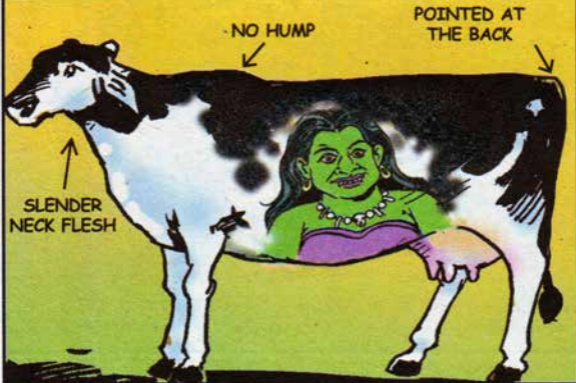

KAMSA TELLS DEMON POOTANĀ.

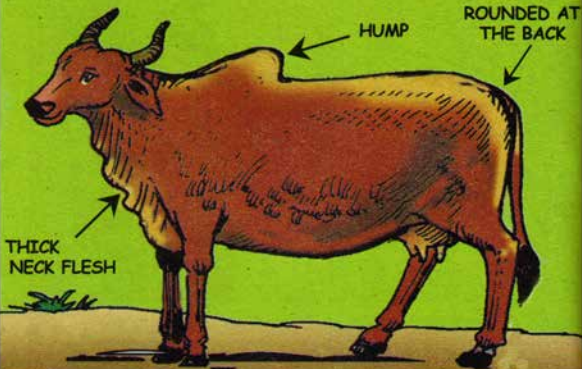

POOTANĀ ! DEMON'S MILK IS A POISON FOR HUMAN CONSUMPTION. SO, GO TO GOKUL DISGUISED AS A LADY AND MAKE INFANTS DRINK YOUR POISONOUS MILK AND THUS KILL ALL OF THEM. MY DESTROYER WILL ALSO DIE ALONG WITH THEM. HA ! HA ! HA !!!

I WONDER WHETHER THE LOOK-ALIKE COWS, THE HOLSTEIN, JERSEY OF EUROPE ARE DEMONS LIKE POOTANĀ ? HENCE, PERHAPS THAT IS WHY THEIR MILK IS LIKE POISON.

THE INDIAN COW HAS A HUMP AND BIG NECK FLESH.  
ACCORDING TO ĀYURVEDA OUR COW'S MILK IS 'AMRIT'  
(NEC++TAR).

YOU'LL BE SURPRISED TO KNOW THAT IN EUROPE THE REARING OF COWS WAS MAINLY FOR BEEF AND NOT MILK. EVEN NOW IT IS THE SAME. THE TERM DAIRY IS ONLY USED TO SHIELD THE CRUELTY.

IT IS NOT AS IF THEY ARE GREATLY AWARE OF SCIENCE. JERSEY'S MILK IS TASTELESS AND SMELLY SO THEY DO NOT USE IT IN TEA AND COFFEE.

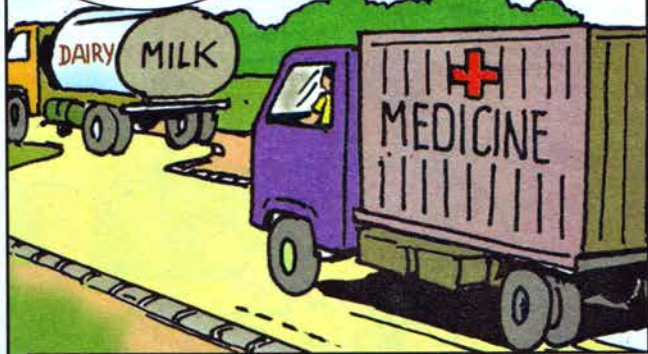

THIS ANIMAL IS NOT NATURE'S CREATION BUT THE SCIENTISTS HAVE MANIPULATED THE DNA AND CREATED IT. THESE ARE 'GENETICALLY ENGINEERED' COWS. ... SHE GETS ILL FREQUENTLY, THEN HOW CAN SHE GIVE MILK, WHICH GIVES STRENGTH.

WHAT YOU SAY MAKES SENSE. EUROPE HAS PLENTY OF MILK BUT THEY HARDLY MAKE ANY SWEETS. INSTEAD THEY MAKE ITS POWDER AND SELL IT AT LOW RATES IN POOR COUNTRIES.

AND BEHAVE VERY PIOUS AND POSE AS IF TO ERADICATE POVERTY BUT THEY HAVE, INSTEAD, SPREAD A LOT OF DISEASES.

THEN THEIR DRUG COMPANIES EARN HUNDRED TIMES MORE PROFIT BY SELLING THEIR MEDICINES.

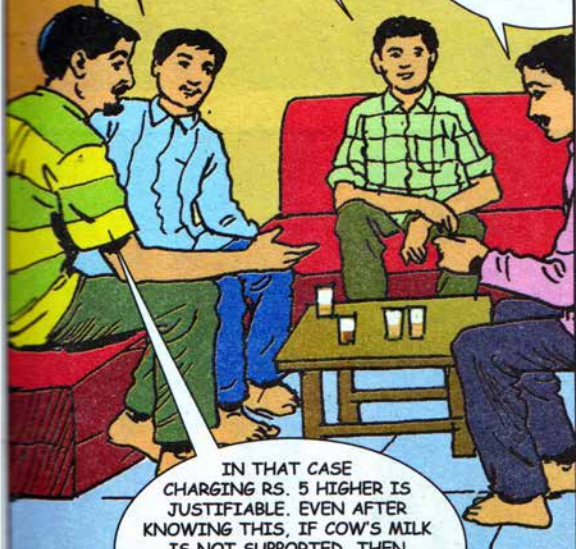

TO MAKE  
POOTANĀ'S MILK  
WORTH DRINKING  
SOME COMPANIES  
FLAVOUR THEIR  
SUBSTANDARD  
PRODUCTS AND  
MAKE THEM  
TASTY. THE  
PARENTS, WHO  
DESIRE TO MAKE  
THEIR CHILD  
DRINK MILK,  
UNKNOWINGLY  
BUY  
THEM.

INSTEAD OF  
WASTING MONEY  
THIS WAY, IT IS  
BETTER TO PAY RS.  
5 MORE FOR COW'S  
MILK, EVEN THEN  
IT WOULD BE  
CHEAPER.

YES,  
SHEEP /  
GOAT / BUFFALO  
KEEPERS CANNOT  
SURVIVE BY MERELY  
SELLING MILK, SO  
THEY SELL  
PARTICULARLY THE  
MALE CATTLE  
TO BUTCHERS,  
WHEREAS THE  
COWHERDS  
DO NOT EARN BY  
SELLING COWS  
FOR MEAT.

IN THAT CASE  
CHARGING RS. 5 HIGHER IS  
JUSTIFIABLE. EVEN AFTER  
KNOWING THIS, IF COW'S MILK  
IS NOT SUPPORTED, THEN  
THOSE WHO CLAIM TO DO SO  
ARE HYPOCRITES. IN A WAY  
THEY ARE RESPONSIBLE FOR  
KILLING COWS.

ATTRACTIVE PACKAGING, SUBSTANDARD PRODUCTS, HIGH CLAIMS.

LET ME ASK YOU. PEOPLE DRINK TEA AND COFFEE IN COLD COUNTRIES, BUT WHY DO YOU TAKE THIS DIRTY DRINK ?

WHY DIRTY ? TEA IS A BOON TO THE POOR; THEY CAN WELCOME ANYONE WITH THIS DRINK, AS IT IS THE CHEAPEST.

IN THE DAYS, WHEN THERE WAS NO TEA, DIDN'T THE POOR WELCOME ANY GUESTS ? IN MANY PLACES, BOTH THE RICH AND THE POOR GREETED THEIR GUESTS BY OFFERING JAGGERY AND WATER TO THEM.

IN DIFFERENT PARTS OF INDIA THERE MAY BE DIFFERENT TRADITIONS OF WELCOMING GUESTS. IN ORDER TO OFFER TEA, ONLY WATER IS SERVED IN THE BEGINNING, WHICH IS VERY HARMFUL FOR HEALTH.

THOSE WHO CAN WASTE HUNDREDS OF RUPEES EVERY MONTH FOR THE SAKE OF TEA / CIGARETTE / MEDICINE ETC. ARE NOT POOR BUT WRETCHED AND WILL REMAIN SO.. COWHERDS SHOULD NOT SUFFER DUE TO THIS.

THERE IS ONE MORE POINT - THE BRITISH POPULARIZED TEA TO EAT THE BEEF. BUFFALO'S MILK MAKES GOOD TEA SO THE DEMAND FOR COW'S MILK REDUCED, HENCE THE GOPALAK STARTED REARING THE BUFFALO INSTEAD OF THE COW.

OH ! THAT MEANS IF WE ARE SLAVES OF TEA THEN WE ARE ALSO SLAVES OF THE COW-KILLING BRITISH. THEN SAYING "BHARAT MATA KI JAI" IS A FARCE. FROM TODAY I WONT DRINK TEA BUT THEN WHAT DO I DRINK ?

DRINK TULSI KĀDHĀ \* THAT WILL NOT ONLY HELP YOU GIVE UP TEA EASILY BUT IT WILL ALSO KEEP YOU ENERGETIC THROUGHOUT THE DAY.

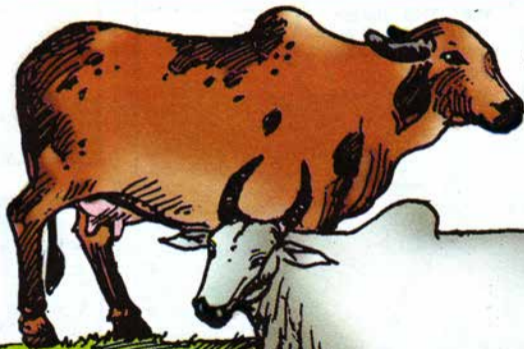

BUT I'VE  
A QUESTION IN  
MY MIND. OUR  
COWS GIVE VERY  
LITTLE MILK, SO  
WHAT IS THE  
SOLUTION ?

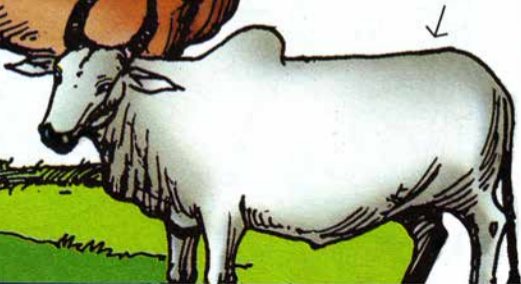

THIS IS A FALSE  
PROPAGANDA. IN  
DIFFERENT STATES IN  
INDIA WE HAVE ALMOST  
THIRTY DIFFERENT  
BREEDS OF COWS,  
AMONGST THEM -

IN SOME BREEDS, THE OXEN ARE GOOD, WHEREAS SOME GIVE GOOD MILK, FOR EX. 'GIR' COW. THIS COW IS KNOWN IN THE WORLD FOR THE HIGHEST YIELD OF MILK.

GIR COW

AMRIT MAHAL  
BULLOCK

FRIENDS ! TODAY MANY MISGIVINGS WERE CLEARED. TODAY'S 'KASHĀY PARTY' WAS FUN. FROM NOW ON I'LL INVITE EVERYONE TO 'KASHĀY PARTY' AND NOT A 'TEA PARTY'.

EVERYDAY WE SHOULD ONLY USE COW'S MILK, DADHI (CURD), AND GHEE. ONLY IN SPECIAL CIRCUMSTANCES SHOULD GOAT'S MILK AND BUFFALO'S CURD BE USED; BUT NOTHING OF THE BREEDS LIKE JERSEY COWS ETC. IS WORTH USING.
